

Newsletter – July 2015

Thanks to all our District Producers for all their hard work putting on ropings and providing a fun place for our ropers to compete! Membership has been up this year and we certainly appreciate all you ropers who participated! Many prizes were awarded at the various District Finals...buckles, of course, and many districts gave saddles as well as headstalls, halters and other prizes. We'd like to ask that you let your producers know how much you appreciate all their efforts. Having ropings at the fees we charge doesn't always leave much left over to cover even all the standard costs, much less any extra to buy prizes and awards. Our producers invest their own time and money and work independently to get a few sponsorships to help pay for prizes that they award at their district finals. So please join us in letting those folks know that we are grateful for all their commitment and dedication!

We look forward to sharing all the OTRA Finals results with you all!
It will be an exciting time finding out who will win the Truck and Trailers at the Finals!!

May you all have a fun, happy and safe summertime!

All our best to all of you,

Tim & Whitney McCright
Original Team Roping Association, Inc.
