

## **Newsletter - September 2018**

September is planning time at OTRA....we are working on 2019 schedules, roper classifications and reviewing our past season to identify areas that we need to address and improve. With making all the classification changes coming into the 2018 season, it was a struggle at first, but after the districts completed and the Finals was over, we really believe the changes certainly made improvements in our association! Of course, there are always adjustments to be made and we are constantly working on getting them done. Thanks to all of you who joined and roped with us this year. Your participation and support are very much appreciated! Once we have put all of our notes together after our August producers meeting, we will be sharing with everyone what changes to be expecting for next season. A few district location changes will be coming, so be sure to keep checking with us on our web site and facebook page for the latest news and information. We are always open to suggestions and ideas to make our ropings better....give us a call or send us an email if there is ever anything you would like to discuss!

All our Best to All of You!  
Tim & Whitney McCright
