GREAT NEWS FOR OTRA FINALS 2020!

We have been told by the folks at the Expo Center of Taylor County in Abilene that the new Multi-Purpose Arena will be ready for us to use at Finals this year! So, for all you that have been loyal supporters all these years in the heat of the Abilene summer, you will get a much-deserved reward with this new facility. And, those of you who put off coming to Finals because of roping in the hot weather, now you can put OTRA Finals on your schedule and come enjoy the fun! We will definitely keep everyone updated on the progress. This will be a great year for vendors to join us, so if anyone is interested in that, please contact our home office. The daily breakdown for Finals schedule will be coming soon. For now, just plan on being in Abilene the last couple of days in June through the first 4 or 5 days in July. Can't wait to see you there!

Our producers make our ropings happen and we are continually grateful for their support of our organization. The new district in Inola, OK is now being managed by the staff of the Riverbend Arena. They are some hard-working people who want to have great events at their great facility. So if you are a roper in or around the Tulsa, Oklahoma area, go see the folks at Riverbend and enjoy some OTRA events there!

Please remember that qualifications are required at OTRA Finals by attending district ropings. If anyone has questions on Finals qualifications, please let us contact us: office@otrc.net or 806-499-3584.

All our best to all of you,
Tim & Whitney McCright
Original Team Roping Association, Inc.
