

Newsletter – October 2021

As the planning continues for our 2022 season, we have a few district updates to share. Tom and LeeAnn Monroe are passing the West District on to Bobby and Brianna McClain. Tom and LeeAnn have been an integral part of our association for many years. Their hard work and dedication is so very greatly appreciated. We are blessed by their friendship and wish them the very best in all they do! Bobby and Brianna have both been members for a very long time and are most capable of doing what it takes to put on some good ropings. We look forward to working with them! There will not be a Stephenville or a Mineral Wells district for the coming season, instead; Clayton and Courtney Jackson will be adding a new district at Santo and they will also continue to host the Wichita Falls district. We certainly appreciate their efforts of taking on another district! A big “welcome back” to Rusty and Cynthia O’Donnell --- they will be producing the Stanton district. Many thanks to Matt and Danielle Kiker for their help in keeping that district going; we will miss y’all. There are a few other district options in the works, so hopefully we will know something on them soon and we will keep everyone updated on our progress! We have exceedingly high hopes for OTRA 2022 – it should be a great one!

All our best to all of you,
Tim & Whitney McCright
Original Team Roping, Inc
