

Newsletter – DECEMBER 2025

We are happy to announce that a San Angelo District will be added to our schedule for the 2026 season. JW and Tina Townsend who also produce the Stanton District will be putting on the ropings at the Last Chance Ranch Arena. The address is 11545 W Grape Creek Road, San Angelo 76901. Please help spread the news to all the ropers in that area and let's make this another great district! Dates for all districts are posted on our website at www.otrc.net.

Please also note that there *will not* be a district in West for 2026. We definitely invite all our members who roped in West to come rope with us in Cleburne – or whichever other district is best for you.

Our *one* district date for this month is
December 27 - Portales, NM District at the Roosevelt County Fairgrounds.

We had a great turnout at the Levelland roping on November 8th ! Check this month's issue of Dally Times for results and pictures!

Remember that we have added the #1.5 Roping back to our format. This gives so many of you ropers another division to compete in, so be sure to get entered up and qualified for your District Finals and OTRA Finals. The District Producer has the option to have this division as a separate roping or as an incentive in the #2.0 Roping. As a stand alone roping, it is a 4 header and as an incentive, it is a 3 header.

May each and everyone have a most blessed and wonderful Christmas!
Christ has given us so many blessings – HE is the greatest gift of all time!

All our best to all of you -- Original Team Roping, Inc.
